

## 3DP Roadshow... Let us bring Large Format 3D Printing TO YOU

**August 22<sup>nd</sup> - September 1<sup>st</sup>**

### **3D Platform Introduces the 3DP Workbench 3D Printer**

The 3DP Workbench is the first 3D printer to feature an actual full, built-in workbench.

The large-format printer is mounted on an industrial workbench with 12 built-in drawers and cabinets for storage of tools and supplies.

The Workbench is very portable – it has wheels for easy transport, and the printer has a folding gantry so that it can easily fit through doors.

#### **Invite the 3DP ROADSHOW to your facility:**

In conjunction with Burton Precision the 3DP ROADSHOW will arrive at your facility at the time you request. Upon your request a Burton Precision representative will coordinate our visit with you.

The 3DP ROADSHOW is a self contained mobile demonstration vehicle. The new 3DP WORKBENCH will be fully functional at your facility for informative demonstrations.

This is a perfect opportunity for all of your colleagues, R&D and Executives to see the infamous 3DP WORKBENCH in action.

Burton Precision representatives will be there to answer all of your questions.

We look forward to seeing you soon.

Please call today to reserve your date. 616.784.1756 or [http://sales@burtonprecision.com](mailto:sales@burtonprecision.com)
